PROJECTS

Poker Game, *Java*   February 2022 - September 2022
- Created a Poker Application in IntelliJ that assembles poker tournaments and allows users to play against basic AI.
- Devised algorithms to determine the chronological win order based off strength of poker hands as well as accurately distribute chips in complex win scenarios.
- Users can play until they are out of chips and get eliminated or the user wins the tournament.

Personal Website, *HTML/CSS, Bootstrap*   February 2022 - September 2022
- Designed a website to present current information and showcase current projects.
- Features multiple sections including welcome, about, portfolio, resume, and links for contact.

LEADERSHIP EXPERIENCE

Wrestling Team, *Team Captain*, Peachtree City, GA   September 2020 – February 2021
- Led our team and raised work ethic by showing persistence and tenacity to grow together and eventually win second place champions in our area, qualifying the team to compete at state.
- Lifted the spirit of the team while pushing through rigorous activities, for example: harsh conditioning after a long practice or a beatdown against a reputable team.
- Used experience from being on the team for three years prior in order to teach and show newer members the key points of wrestling.

WORK & RELEVANT EXPERIENCE

Association for Computing Machinery, *Member*, Athens, GA   August 2022 - Present
- Gather weekly to explore and learn the vast world of computing and computer science.
- Meet with guest speakers from big companies around the country such as Google & NCR that present an aspect of computer science and their use of it.

Computer Science Interview Preparation, *Member*, Athens, GA   August 2022 - Present
- Participate in a weekly workshop designed to enhance understanding on the topics of data structures/algorithm, soft/social skills and resume work to prepare computer science majors for the interview process for software-related positions.
- Learn and practice Leetcode problems to better understand the process of creating solutions.

Sake Mama, *Bartender*, Athens, GA   August 2022 - Present
- Collaborated with a team to serve 1000+ customers daily and make sure all customers are accommodated for.
- Always ensured the cleanliness and sanitation of the establishment by immediately disposing of mishaps or accidents.
- Provided positive guest experiences and developed friendly relationships with customers, increasing the customer return rate.

Green Ginger, *Server*, Peachtree City, GA   March 2022 – August 2022
- Worked with a team to efficiently provide 500+ customers with quality service.
- Developed a strong knowledge for the menu to assess customer needs and preferences to make appropriate food and beverage recommendations.
- Frequently assisted colleagues during rush periods to reduce stress in the environment and promote teamwork while providing quality customer care and attention to detail.
